

Appendix I. **Congressional Involvement.**

The Corps of Engineers (Corps) had limited Congressional involvement or contact during the 2006 Kootenai flood event.

Subsequent to this Spring event, the Corps received two Congressional Inquiries:

1. Congressman Denny Rehberg (MT). Inquiry dated June 20, 2006 regarding the Corps and their management of the Kootenai River at Libby, MT.
2. Senator Conrad Burns (MT). Inquiry dated June 28, 2006 regarding the Corps and their operation of Libby Dam and the damage to property and Resources below the dam.

Responses to both Inquiries were signed by BG Gregg Martin, NWD Division Commander on July 20, 2006. Further inquiries into the Corps response to the Congressional inquiries should be directed to the Congressional Delegation.
